STORAGE PRODUCTS GROUP

Kelmax Aluminum by SPG
We manufacture great products at our facilities
— and create efficient solutions for yours.

Strong, lightweight, corrosion resistant — the properties of aluminum make it the ideal material for a wide range of foodservice application. And nobody offers the foodservice industry a wider range of aluminum products than Kelmax.

Innovative in design and built for years of dependable service, Kelmax sets the standard for aluminum products that include everything from shelving systems and pan racks to storage and transportation equipment.

Kelmax isn't alone in the quest to provide more and better choices in food service equipment. In fact, it is only one of six SPG lines dedicated to serving the foodservice industry. Along with ISS, AMCO, Universal Stainless, Freestyle and LPI, SPG offers the most comprehensive line of foodservice equipment available anywhere.

At SPG, we match the quality of our products with superior service. That means fast, efficient delivery of your order — and it also means that we'll work with you to evaluate your space, understand your needs, and uncover opportunities to maximize the efficiency and economy of your operation. Then, based on your input, we'll help you select the right products or create unique solutions, and incorporate them into a design that optimizes the functionality of your space, increases the efficiency of your staff, and maximizes the long-term value of your investment. You can always Expect More from SPG.

NSF Most of the foodservice products we manufacture meet NSF standards. For specific items, visit www.nsf.org.

SPG STORAGE PRODUCTS GROUP

Table of Contents

We have manufacturing and distribution facilities throughout the United States and Mexico.

Overview

- The Kelmax Shelving system is made of aluminum - which is lightweight and never rusts
- Several types of shelving systems are available: Cantilever, Standard Fixed Shelving and Adjustable Shelving
- The Cantilever system is ideal for increasing usable space in coolers and freezers. Since there are no front posts, storage is maximized and access is much easier
- Aluminum construction offers higher load ratings. Therefore, larger loads can be supported across a longer span of shelving
- Aluminum shelving is ideal in hot or caustic applications that might damage the coating of wire shelving

Kelmax Shelving is warranted to be free from manufacturing defects for five years from the date of shipment.

Kelmax aluminum products are warranted for life against rust and corrosion.

ALUMINUM CANTILEVER SHELVING

Cantilever Frames and Adjustable Shelves
- Frames and adjustable shelves sold separately
- Tubular base dunnage shelf is standard, and is easily removed without the use of tools for cleaning
- Up to 5 additional shelf positions. Shelves can be added or removed without tools
- Available in two shelf depths: 20" and 24"
- Clearance between adjustable shelves is $9^5/_8$"
- Overall height is 72"
- Maximum load capacity per shelving unit is 2,800 lbs

How to Order:
1. Choose frame size
2. Choose tubular base dunnage shelf that matches frame size (Optional)
3. Choose type of shelf (Channel, Tubular, or Solid) and shelf size
4. Specify number of shelves (1 - 5)

Note: 24" shelves are not suggested for 20" frames.

Standard Fixed Shelving Units

- All welded aluminum shelving ships set up
- Includes 4 posts and 2 to 4 fixed shelves
- Overall height is 60" for 2 and 3-shelf units and 72" for 4-shelf unit
- Mitered top for extra strength
- Available in two shelf depths: 20" and 24"
- Clearance between shelves:
  - Two shelf unit: 48$^1/_2$"
  - Three shelf unit: 22$^1/_2$"
  - Four shelf unit: 18$^1/_2$"
- Choose from 4 types of shelves
- Freight class 400

Shelving Type	Description	Load Capacity Per Shelf (Lbs.)	Application
Channel	4" wide channels	1,500	Provides extra strength for large or small items. Allows for air circulation.
Tubular	4$^1/_2$" spacing between vertical tubes	1,500	For storage of cases or large boxes.
T - Bar	2" spacing between bars	1,500	For storage that requires perpendicular support
Solid	Reinforced tubing under the skin	1,500	For storage of small items. Helps contain spills.

ALUMINUM STANDARD SHELVING

Standard Posts and Adjustable Shelves
- Create a custom aluminum shelving unit
- Choose from 6 posts and 4 types of shelves in 4 widths
- Shelves are adjustable and interchangeable in the same width and length

Shelving Type	Description	Load Capacity Per Shelf (Lbs.)	Application
Channel	4" wide channels	2,100	Provides greatest support and versatility. Use in coolers, freezers, and storerooms. Easy to clean.
Tubular	Heavy wall tubular construction	2,000	Ideal for use in coolers, especially when storing cases or large boxes.
T - Bar	2" spacing between bars	1,500	For storage that requires perpendicular support.
Solid	.063" thick aluminum skin with marine edge. 24" wide shelf is reinforced with 2 tubes on underside. 18" and 20" shelves are reinforced with one tube on underside.	900	For storage of small items. Helps contain spills. Great in coolers.

Casters

There are four wheel types:
- Polyurethane
    - Tough abrasion resistant
    - Excellent floor protection and ease of rolling
    - Wide temperature range -30° F to 180° F
- Polyolefin
    - Good general use hard plastic casters
    - Good on concrete surfaces
- Soft Tread Rubber (TPR)
    - Quiet operation on floors
    - Great for tile and stone floors. Non-marking and non-staining
    - Not recommended for cooler or freezer use
- Phenolic Material
    - High temperature material for use in ovens up to 550° F

Polyurethane

Soft Tread Rubber (TPR)

Polyolefin

Phenolic Material

Expandable Stem Casters
- Fits various posts and tubes, both round and square
- Does not need special fitting or bolts
- Great for making kitchen equipment mobile

TERMS & CONDITIONS

Order Terms and Conditions
- Orders can be submitted via EDI, email or fax and are subject to acceptance by the factory.
- Credit card orders are accepted.
- All prices, specifications and discounts are subject to change without notice.
- Payment terms are net 30, unless otherwise stated for established accounts.
- Accounts will be established once satisfactory credit references are confirmed.
- Any applicable federal, state, or local sales tax will be added to the prices.
- We will not break cartons, where applicable.
- Possession of price list does not constitute an offer to sell.

Minimum Orders
- Minimum order is $150.00 net.
- A $35.00 service charge may be added for orders less than minimum.

Quotations and Custom Fabrication
- Quotations are valid for 30 days, unless otherwise stated.
- Drawings for custom items must be signed and will be accepted as correct. Any errors arising from same will be the responsibility of the customer.
- Made to order items are not returnable.

FOB Shipping Points
- FOB locations are by brand:

    - AMCO, ISS, LPI, Freestyle: Covington, GA
    - Kelmax: Stone Mountain, GA, Valencia, CA
    - Universal Stainless: Aurora, CO

- We reserve the right to split orders based on the FOB shipping point.

Freight Terms and Conditions
- Freight, service and handling charges are not subject to discount.
- Freight carriers will be chosen by the factory unless Purchase Order specifies customer carrier and includes Prepaid & Add with third party billing address
- While Seller will use all reasonable commercial efforts to maintain the delivery date acknowledged or quoted by the Seller, all shipping dates are approximates.
- We are not responsible for any delays in delivery which are beyond our control such as fires, strikes, floods, delays in transportation or any contingencies of similar character.
- Freight claims for damages are the responsibility of the customer and all claims must be filed by the customer with the carrier promptly.
- All claims for shortages must be brought to our attention within five (5) days from the date the merchandise is received.
- Kelmax Freight Classes are based on descriptions and generalizations provided by the National Motor Freight Traffic Association, January 2007 catalog. These classes are subject to interpretation by shipper and carrier.

Special Handling Charges
- Customers will be billed for trucking company charges that are due to special requests made by the customer, including:

    - Notifying customer before making a delivery
    - Requiring a Lift Gate Truck
    - Making deliveries during specific hours

Return Policy
- The minimum value of returned merchandise must be $100 net
- Contact the factory for written approval to return merchandise
- Merchandise authorized to be returned must be shipped prepaid and is subject to a 25% restocking charge
- Returned goods must be received within 30 days of purchase
- Returned merchandise must be returned in the original, unopened and resalable packaging.
- All merchandise must have a Return Goods Authorization number to assure proper credit and must be noted on the shipping label and bill of lading.
- Certain products, such as those made to order, are not returnable. Contact Customer Service for the policy concerning specific products.

Cancellations
- Cancellations are not accepted on orders in transit or on custom equipment in production

Warranty
- Contact factory for Warranty information.

Note: Due to continuous product improvements, specifications and prices are subject to change.
